FOOD MENU

1-9PM

Whether you are shaking off an East Coast midnight or soaking in the West Coast golden hour, our kitchen is keeping things effortless. This is a collection of crowd-pleasing, easy-eating lounge classics designed to be shared under the sun or between sips.

Welcome to the 1970s — an era of neon hues, velvet ropes, and pure liquid escapism. While the music played, America's two coasts split into entirely different worlds of drinking. Spearheaded by the three musketeers - Nash, Chip & Dan - prepare your palate for a slew of flavours, (re)introducing a range of cocktails from the 70s that were forgotten, but with the little Canyon twist.
